Dear Preserve License Members,

All of us at Camanche Hills are anxiously awaiting the hunting season which starts October 10th, 2020. We look forward to seeing all of you and your guests.

We have accomplished all of our goals set forth in our milestone chart for fall, 2020.

Hunt days scheduled:

Under the County's Health Department guide lines because of the Covid-19 virus the hunting days will be cut to Thursday through Sunday to start the 2020 upland game bird hunting season.

Slowly, we plan to return to normal hunting days, Wednesday through Monday and be closed on Tuesday depending on the virus guide lines.

2019-2020 Long Tail Feather Contest:

26 3/8"	First Place	Bob Mistron	1/7/20	Zone D
26 1/4"	Second Place	Jim Templeton	11/17/19	Zone E

Habitat & Cover: The outlook for 2020-2021 hunting season looks fantastic! Very few voles this season, therefore the habitat and cover is excellent throughout all the hunting zones.

Great Gun Giveaway with the Gun Owners of California:

Thank you to all the members who were able to attend the Great Gun Giveaway shoot and dinner which was held July 18th, 2020 and was hosted by Gun Owners of California. What a difference! The Gun Owners gave 41 guns away averaging \$1,000.00 per gun. Terrific! The attendance for the sporting clay shoot was 177 and then more for dinner.

By all of the e-mails received thanking and telling us what a great event it was even though it was held during the Covid-19 virus under the Amador County Health Department guide lines and is a good indicator for next year. This shows we could double the size of the event.
